### STRATIFICATION

**All stratification will be based on average points**

**Open pairs games:** Open/1250/500

**99er pairs games:** 100/50/20

**Teams:** as determined by the Director-in-Charge to achieve approximately the same number of teams in each stratum.

If the open and 99er pairs games are combined due to insufficient numbers in the 99er game, the Stratification will be adjusted by the Director-in-Charge to Open/750/100 – or as he considers necessary to ensure points are available in each stratum.
